ANY responsible individuals on other islands or in other countries who will act as agents for this paper, by securing subscribers or advertisements, and sending us shipping intelligence, or news and communications of general interest, shall be entitled to a liberal commission for their trouble. NOTICE.

IN our former experience here as Editor, some misunderstanding occasionally occurred with our advertising patrons, by their not understanding the true measurement of a square. To avoid any in future, we respectfully invite all who are unacquainted with the measure, and intend to favor us with their patronage, to call and examine for themselves, the steel rule by which these measurements are graduated. That used in this office is the same as used in all offices in the United States;—and in our charges, we shall invariably be governed by that rule. To furnish further facilities for those who wish to make use of our advertising columns, we have materially reduced the prices; and they will be found cheaper than those of any other printing establishment in the Pacific,—and less even than the commercial papers of England and the United States.

Those who intend to favor us with their advertisements, will confer a favor by sending them in early. May 22. 6w
